

T-Shirt Shop

READ the paragraph, and WRITE the answer.

A T-shirt shop can put any design on the T-shirt of your choice. There are 6 different T-shirts and 12 different designs, and you can choose to have your name put on the back or not. How many different T-shirts can you make?

_____ T-shirts

Combination & Logic Problems

All You Can Eat

READ the paragraph, and WRITE the answer.

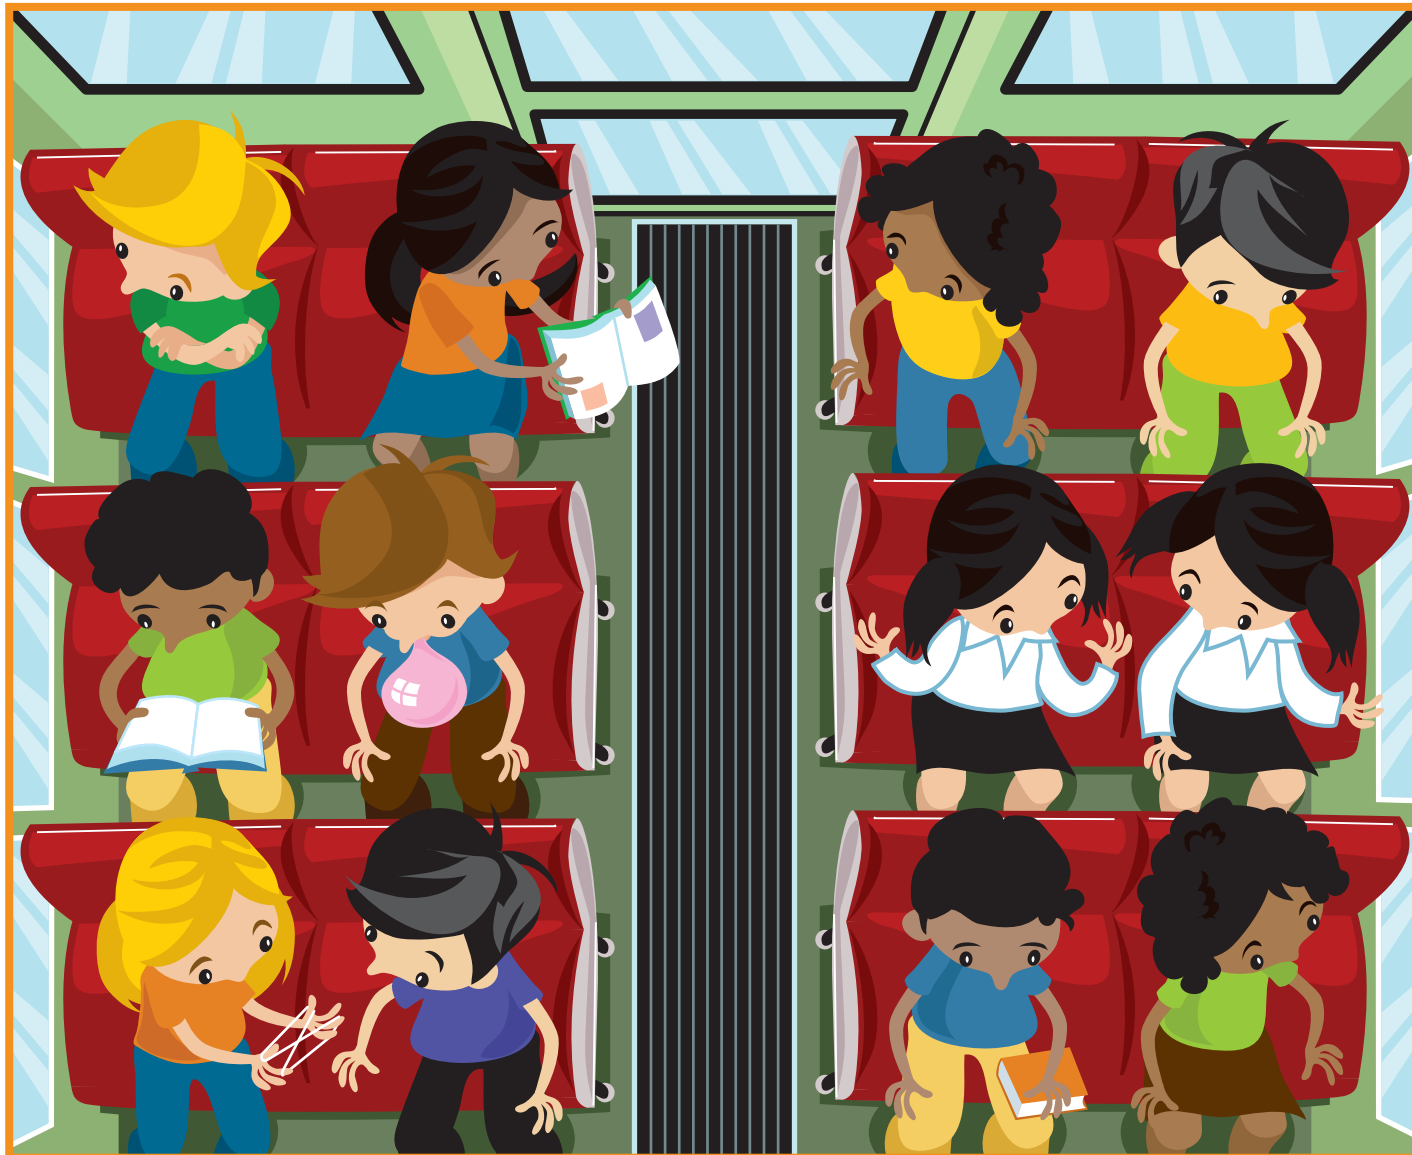

Each time you go to the buffet, your plate should have a choice of one meat, one side dish, one vegetable, and one dessert. How many times can you visit the buffet and get a different plate of food?

_____ times

Bus Ride

READ the clues, and CIRCLE the answer.

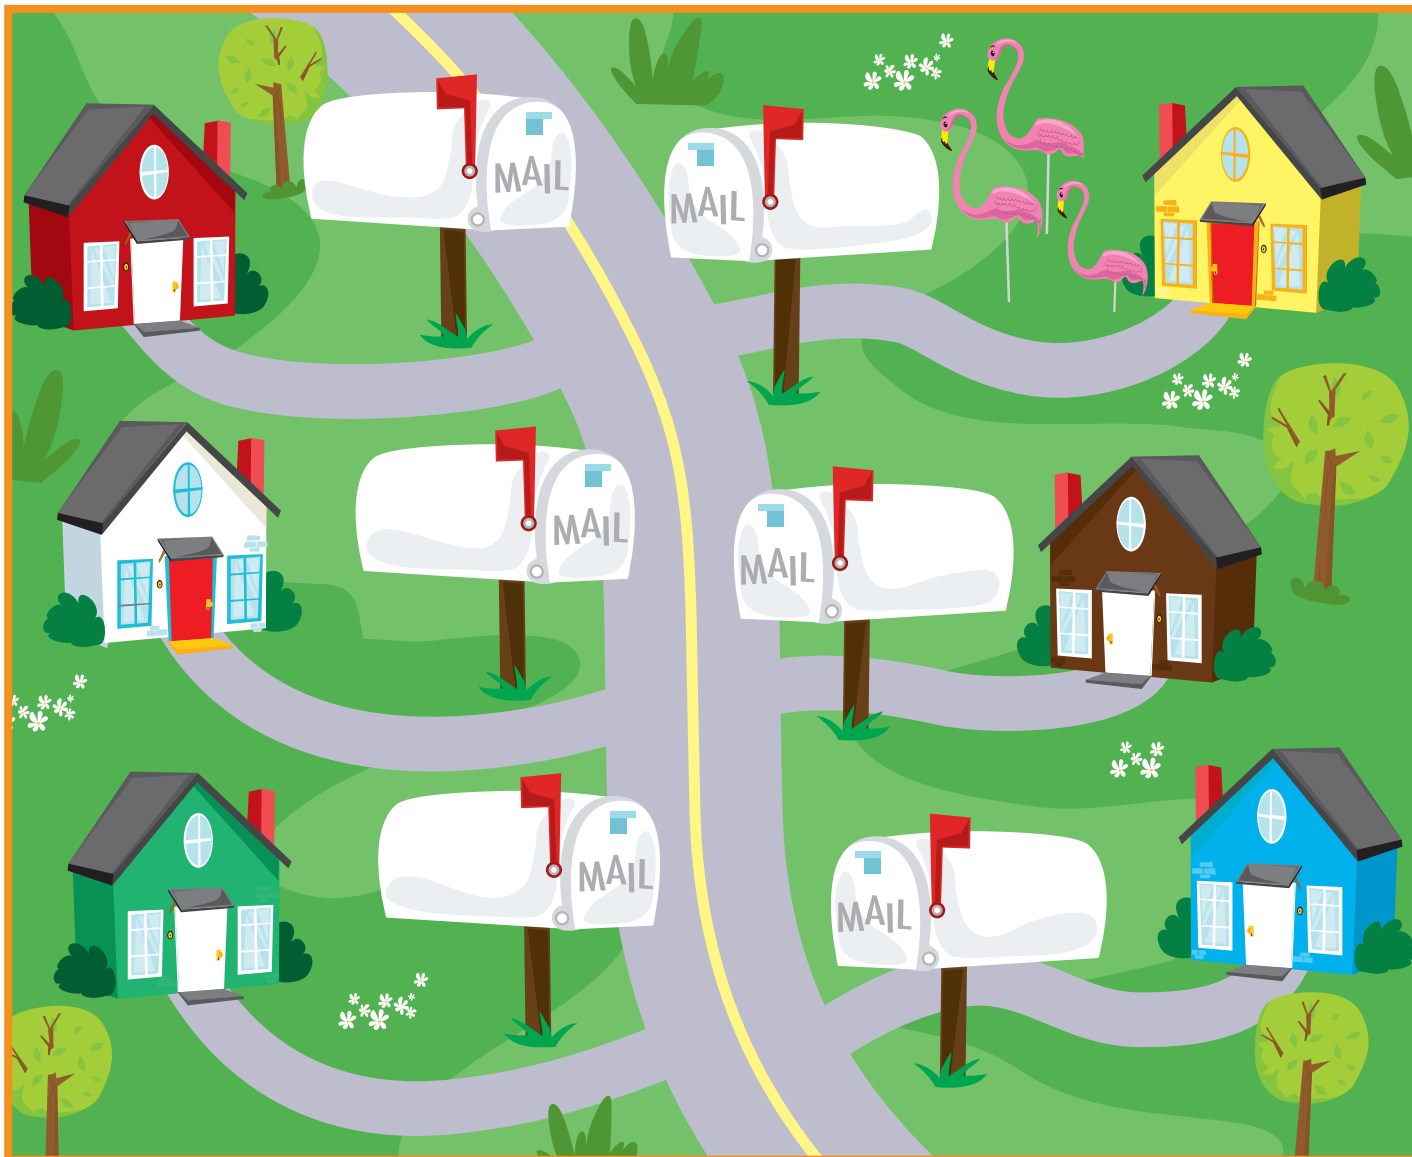

The Gallagher sisters always sit together.
Andrew sits next to Alyssa and behind Bill.
Stella likes to sit in back.
Bill always takes the window seat next to Nolan.
Kayley sits in front of Becky.
Dan sits in the aisle seat next to Ella.

Where is Dan in this picture?

Combination & Logic Problems

In the Neighborhood

WRITE the name of each family on the correct mailbox.

The Green family chose their house for its color.

The Park family is always complaining about the noise coming from the Taguchi house next door.

The Simpsons live across the street from the Green family.

The Taguchis don't like looking out their front window at the Links' lawn flamingoes.

The Meyers live between the Links and the Simpsons.
